Ostrich egg reinvented

The Avoova fruit bowl is from the Menyezela collection. It is 35 cm in diameter and made of high-grade, sand-cast aluminium and decorated with Avoova's hallmark material, ostrich eggshell. Place the bowl horizontally or vertically, and the spiralling discs give differing visual effects. Visit www.avoova.com to peruse the range or contact 021 422 1620 for more information.

Nature's gifts

The Ostrich Company finds inspiration in nature and the beauty around us. Its weaver bowl echoes the shape of a weaver's nest, a common sight on the farm where these beautiful products are created. For more information, contact 074 285 4090 or e-mail info@theostrichcompany.com
